Blue Line Imperative As we say often in *The Blue Line Imperative*, value creation occurs when more happiness is delivered to people than alternative uses of the same resources, or the same happiness is delivered using fewer resources. An example of the latter appears in the latest issue of *Popular Science*. *The Blue Line Imperative* demonstrates with powerful clarity why the goal of any value-driven enterprise is to raise the blue line as high as possible, and shows us how to achieve it.
