The Act, which contained very general provisions on the regulation of engineering and architecture, was later amended by Acts No. 3159 and 3182. On June 17, 1950, Republic Act No. 544 was enacted separating the regulation of the civil engineering profession from the coverage of Public Act No. 2985 and creating the Board of Civil Engineering. Civil Engineering | Professional Regulation Commission (b) The term "civil engineer" as used in this act shall mean a person duly registered with the Board for Civil Engineers in the manner as hereinafter provided. Article II BOARD OF EXAMINERS FOR CIVIL ENGINEERS Section 3. Composition of Board." Within thirty days after the approval of this Act there shall be created Republic Act No. 544\* Both the Fundamentals of Engineering (FE) exam and the Principles and Practice of Engineering (PE) exam are administered by the National Council of Examiners for Engineering and Surveying (NCEES), whereas the South Dakota take home exam is administered by the South Dakota Board of Technical Professions. Through 2013, the FE and PE exams are offered as paper and pencil exams once during the month of April and once during the month of October at two designated exam sites in South

Dakota. SD Board of Technical Professions - Information for Engineers There are two exams on the path to licensure as a Professional Engineer in Florida: the Fundamentals of Engineering and the Principles & Practice of Engineering. The FE exam covers subjects taken while earning a degree, while the PE exam goes beyond testing academic knowledge and includes expertise gained in the practice of engineering. Home - Florida Board of Professional Engineers The PE Civil exam is a breadth and depth examination. This means that examinees work the breadth section in the morning and one of the five depth modules in the afternoon. The breadth section contains questions from all five areas of civil engineering. The depth section focuses more closely on a single area of practice. NCEES PE Civil exam information The practice of civil engineering is governed by the individual states whose licensing laws and requirements vary. The National Council of Examiners for Engineering and Surveying (NCEES), a non-profit organization composed of engineering and land surveying licensing boards representing all U.S states and territories, has licensing requirements for your state.
