Ok so I'm 2 weeks away from heading up cape York and I'm having issues with the injector pump, CEL light has come on. Code is 0707 (injector pump timing), code will not clear, and the most concerning part is it is rattling (clacking) it's a** off, all the searching I've done the only info is that it could be water in the filter (drained filter and problem still there) or pump is on it's way out.
