in ... This book marks a significant

step towards developing the

archaeology of cremation that

workers have discussed previously.

It is not the first book to be

published on burned bone, but it is

the first to emphasise the

archaeological context over

methodologies, and the first to

make an attempt at drawing

together studies of cremation

practice to better comment on this

cultural phenomenon. The

Kindle eBook. The Archaeology of Cremation: Burned Human Remains in ... The archaeology of cremation : burned human remains in funerary studies. [Timothy James Upton Thompson;] -- "There is a considerable body of knowledge on the concepts and practices of inhumation yet our understanding of cremation ritual and practice is by comparison, woefully inadequate. The archaeology of cremation : burned human remains in ... Fire and the body : fire and the people / Tim Thompson -- Flesh, fire, and funerary remains from the Neolithic site of La Varde, Guernsey : investigations past and present / Jenny Cataroche and Rebecca Gowland -- Past cremation practices from a bioarchaeological perspective : how new methods and

techniques revealed conceptual changes in cremation practices during the late Bronze Age and early Iron Age in Denmark / Lise Harvig -- The bioarchaeological analysis of cremation at the Iron age ... The archaeology of cremation : burned human remains in ... Cremation and the Archaeology of Death. Edited by Jessica Cerezo-Roman, Anna Wessman, and Howard Williams. Description. The fiery transformation of the dead is replete in our popular culture and Western modernity's death ways, and yet it is increasingly evident how little this disposal method is understood by archaeologists and students of cognate disciplines in the humanities and social sciences. Cremation and the

Archaeology of Death - Jessica

Cerezo ... As far back as the sixteenth century, urns and burned bones were interpreted correctly as remnants of cremation burials. In 1679 the presence of bigger and smaller skull bones found together in one urn indicated a double burial. The Analysis of Burned Human Remains |
